DAVE ST. PETER

PRESIDENT AND CHIEF EXECUTIVE OFFICER

Dave St. Peter was named the fourth president in Minnesota Twins history on November 26, 2002. St. Peter also assumed the Chief Executive Officer title on December 21, 2016 and continues to oversee the team's day-to-day operations, strategic planning and interaction with Major League Baseball.

St. Peter played a central role in the approval, design, construction and opening of Target Field, which was named 2011 Sports Facility of the Year by the *Sports Business Journal* (SBJ). He also has played leadership roles in securing the 2021 NHL Winter Classic for Target Field; construction of a new player-development Academy in the Dominican Republic; hosting the 2014 Major League Baseball All-Star Game – which earned finalist honors from SBJ for Event of the Year; expansion of the CenturyLink Sports Complex in Fort Myers, FL – named *Ballpark Digest's* 2015 Major Ballpark Renovation of the Year; as well as forging the team's partnership with Hennepin County on the design and programming of Minnesota's award-winning intermodal transit hub – Target Field Station.

At age 53, St. Peter begins his 31st year with the Twins. He joined the organization as an intern in 1990 and over his first decade with the franchise held a variety of positions including Pro Shop Manager, Communications Manager, Vice President of Corporate Communications and Senior Vice President of Business Affairs. As the club president, the Twins established a new single season franchise attendance record in 2010 by attracting more than 3.2 million fans to Target Field, while the team was recognized by ESPN as having the best stadium experience in all of professional sports. St. Peter's leadership has been integral in the team's growing corporate partnership base; development of the "Magic Moments" customer service initiative; the "Go Twins, Go Green" environmental stewardship platform; expansion of the Treasure Island Baseball Network; aggressive community outreach; and enhanced alumni involvement – including creation of the Twins Hall of Fame.

St. Peter has been part of a leadership team helping the franchise advance to postseason play eight times since 2002. During St. Peter's leadership tenure, the Twins have twice been named "Organization of the Year" by *Baseball America* (2002 and 04). In 2006, the entire Twins organization was recognized as the *Minneapolis Star Tribune's* "Sports Person of the Year." The franchise received the Atlanta Sports Council's Horizon Award (2002) as the Professional Sports Organization of the Year, while the Twins Community Fund was a 2000 recipient of the Greater Minneapolis Chamber of Commerce's Quality of Life Award and a 2006 recipient of a Project Evergreen Award. The State of Minnesota named the Twins organization a Yellow Ribbon Company in 2014. The Twins have been honored seven times by the *Star Tribune* as one of the "Top 100" workplaces in Minnesota. In 2011, the Twins were the recipient of the Minneapolis Park and Recreation Board's "Living the Dream" Award. Since 2012, the Twins have been a Yellow Ribbon Company in recognition of support for veterans as well as active duty soldiers. In 2016, the Minneapolis Regional Chamber of Commerce presented the Twins with an "Honored Company" Award in recognition of outstanding community service. In 2019, the U.S. Green Building Council selected the Twins as a recipient of the Greenbuild Leadership Award recognizing excellence in the creation of healthier, more sustainable buildings and communities.

Individually, St. Peter has been named to the Street and Smith's *Sports Business Journal* and *Minneapolis-St. Paul Business Journal's* "Forty under 40" lists. In 2018, St. Peter was recognized by the Positive Coaching Alliance as Minnesota's Triple-Impact Competitor Business Executive of the Year.

At the league level, St. Peter serves as a Trustee on the MLB-MLBPA Player Pension Committee. In the community, St. Peter serves on the boards of the YMCA of the Twin Cities, NuLoop Partners and the University of North Dakota Alumni Association. He also serves on the National Advisory Council for Pitch In for Baseball & Softball.

St. Peter was born in Bismarck, North Dakota, and graduated from the University of North Dakota in 1989. Dave has three grown sons – Jack, Eric and Ben – and makes his home in Chanhassen, MN.

ROBERTO CLEMENTE AWARD

Since 1971, Major League Baseball has annually presented an award that recognizes a player who best exemplifies the game of baseball through sportsmanship, community involvement and positive contributions to his team.

In 1973, following the tragic death of Roberto Clemente, the award was named to honor the man whose spirit and goodwill will always be remembered. The 12-time All-Star and Hall of Famer was killed in a plane crash in 1972 delivering food and medical supplies to earthquake victims in Nicaragua. The award recognizes those individuals who truly understand the value of helping others.

A panel of baseball dignitaries, including Vera Clemente and the Commissioner, annually selects the winner from a list of 30 candidates, one from each Major League Baseball Club. The winner of the national Roberto Clemente Award is announced during a pre-game ceremony at the World Series. Past winners include Jamie Moyer, Jim Thome, Rod Carew (Twins - 1977), Dave Winfield (Twins - 1994), Kirby Puckett (Twins - 1996), Al Leiter, Tony Gwynn, Willie Mays, Ozzie Smith, Derek Jeter, Albert Pujols, John Smoltz, Cal Ripken, Jr., Andrew McCutchen and Anthony Rizzo.

The 2019 Minnesota Twins Roberto Clemente Award nominee was Kyle Gibson, his first career nomination.

SAVES RULE

Credit a pitcher with a save when he meets all three of the following conditions:

(1) He is the finishing pitcher in a game won by his club; and
(2) He is not the winning pitcher; and
(3) He qualifies under one of the following conditions:
- **(a)** He enters the game with a lead of no more than three runs and pitches for at least one inning; or
- **(b)** He enters the game with the potential tying run either on base, at bat or on deck; or
- **(c)** He pitches effectively for at least three innings.

No more than one save may be credited in each game.

It is considered a 'blown save' when a pitcher who has entered a game in a save situation departs with the save situation no longer in effect because he has given up the lead. If the save situation still exists when he leaves the game, he is not charged with a save opportunity. And, if he has not given up the lead when he leaves the game, even though the save situation may no longer exist, he is not charged with a save opportunity.

MISCELLANEOUS BASEBALL TERMINOLOGY

WHIP: Walks and hits per innings pitched = add a pitchers walk total with his hit total and divide by the amount of innings pitched.

QUALITY STARTS: A starting pitcher logs at least 6.0 innings and allows three-or-fewer earned runs in an outing.

TOTAL BASES: Number of bases a hitter gains via hits only...single = 1, double = 2, triple = 3, home run = 4.

AT-BAT vs. PLATE APPEARANCE: Plate appearance refers to any time a batter completes a turn batting. (NOTE: A plate appearance cannot be logged if a preceding runner was out on the base paths for a third out or the game ends with a runner scoring from third on a wild pitch or balk). At-bat refers to any turn batting that does not result in a walk, hit by pitch, sac-fly or sac-hit (bunt).

OPS: A player's on-base percentage plus his slugging percentage. MLB average in 2019 was .758. Major League Baseball's leader was Milwaukee Brewers outfielder Christian Yelich at 1.100.

CLOSE AND LATE: A situation in which the game is in the seventh inning-or-later and the team batting is either leading by one run, tied, or has the potential tying run on base, at-bat, or on deck.

TIMES ON BASE: Includes the total number of times a hitter reaches base as result of a hit, walk, or hit by pitch...does not include times a hitter reaches via error or fielder's choice.

CATCHER'S ERA: The earned run average of a team's pitchers with a particular catcher behind the plate. To compute, multiply nine by the earned runs allowed by the pitchers for that specific catcher, then divide that figure by his innings caught.

HOLD: Credited to a relief pitcher who enters a game in a save situation, records at least one out and leaves the game never having surrendered the lead. NOTE: A pitcher cannot finish a game and earn a hold.

Whitfield, who in 1952 became the first active-duty American serviceman to win an Olympic gold medal, doing so while simultaneously serving as a Korean War tail gunner...the program allows active duty soldiers to train for the Olympics as their full-time job responsibility, while still maintaining active duty status in the military (the Army has a similar program)...members of the program must still complete all mandatory Air Force trainings, continuing education, fitness assessments, etc....Jax became eligible for the program in 2018, because baseball was readmitted to the Olympics for 2020; his WCAP status will end with the 2020 Olympics in Tokyo, Japan...Jax can still apply to switch from active to reserve status after his active duty commitment ends...Jax is paid by the Air Force (cannot have an outside source of income while on active duty) – the Twins pay for equipment, travel, etc., thanks to a special deal arranged between MLB and the Air Force.

DID YOU *Know?*

...the longest home run ever hit by a Twin was estimated at 520 feet. Harmon Killebrew crushed the three-run blast off California righty Lew Burdette, which landed in the sixth row of the upper deck at Metropolitan Stadium on June 3, 1967. The ball cracked the seat, and was later painted orange to commemorate the event. The seat is now located in the Mall of America — the former site of "Met" Stadium — bolted to a wall in the amusement park, marking the height and position where the ball would have landed in the upper deck.

EARNED RUNS RULE

The determination of earned-runs is as follows:

An earned-run is a run for which the pitcher is held accountable. In determining earned-runs, the inning should be reconstructed without the errors and passed balls, and the benefit of the doubt should always be given to the pitcher in determining which bases would have been reached with errorless play.

Until 1969, a reliever could not be charged with an earned-run if he entered the game after the side could have been retired but for an error, no matter how many runs he subsequently gave up in that inning. Now, runs scored by batters who reach base off the reliever are charged as earned on that pitcher's record. They are not, however, charged as earned against the team as a whole. Therefore, a discrepancy may occur between the total earned-runs charged against a team and the sum total of the earned-runs charged against the individual pitchers of that team.

WASHINGTON / MINNESOTA FRANCHISE

1901–1960

The Minnesota Twins trace their roots as a major-league franchise to the 1901 Washington Senators, but they go back even farther as a minor-league team. The Western League began in 1894 with aspirations of becoming a major league, a status it achieved seven years later. Most of the Midwestern cities were left behind in the transition. For example, a St. Paul team owned by Charles Comiskey moved to Chicago, where it still exists as the White Sox. Several cities, including Minneapolis, had their teams disband and be replaced by ones in larger, eastern cities. However, the Kansas City team, owned and managed by Jimmy Manning, went to Washington and retained its minor-league connection. Manning was the first manager of the Senators (officially the Nationals for many years but more often referred to by fans and others as the Senators) and brought with him most of his players from Kansas City.

The major-league Senators established their destiny early, finishing no higher than sixth in an eight-team league in each of its first 11 seasons, four times finishing in the cellar. As early as 1904 came the quip, "Washington: First in War, First in Peace, Last in the American League."

Washington wallowed despite the addition in 1907 of Walter Johnson, considered by many to be the best pitcher in the history of baseball. Johnson struck out more than 3,500 batters in his career. Several pitchers later surpassed his strikeout record, but Johnson achieved his total mainly during the deadball era, a period that preceded the big swingers.

In 1912 Johnson was credited with 33 pitching victories and helped the Senators finish second, the first time the team placed higher than sixth. Leading the team was Clark Griffith, in his first year as Washington manager. Griffith had been an outstanding pitcher in the 1890s and was a leader getting the American League established, helping to convince more than 100 National League players to join the new league.

Griffith also began acquiring an ownership interest in the Senators, selling cattle from his Montana ranch and eventually mortgaging the ranch to raise the funds needed to purchase a controlling interest. He became the team's president in 1920.

Around this time Griffith took custody of two children of his wife's brother, James Robertson, who lived in Montreal and had health and money problems. Calvin and Thelma Robertson moved to Washington and, although never formally adopted, took the Griffith name. Clark Griffith ran the Senators as a family operation. Calvin and Thelma eventually worked for the team along with the siblings who had stayed with James Robertson. As a 12-year-old, Calvin Griffith was a bat boy for the Senators at the high point for the team in Washington.

The Senators were guided by a veteran and a relative youngster in 1924. Walter Johnson (shown below), in his 18th season, led the American League with 23 wins. The second baseman, 27-year-old Bucky Harris, was in his first year of managing Washington while acquiring the nickname, "Boy Wonder."

The Senators stopped a three-year pennant streak by the New York Yankees and went to the World Series, against the New York Giants, who had won their fourth straight National League pennant. Those pulling for the Senators included President Calvin Coolidge, who attended the World Series games in the capital. Many fans were excited that the 36-year-old Johnson finally had made it to the World Series. However, Johnson was the losing pitcher in the 12-inning opener as well as the fifth game, and it looked like he wouldn't get the World Series win that so many were hoping for.

The World Series went to a decisive seventh game, and though Johnson didn't start, he entered the game after the Senators scored two runs on Harris's bad-hop single to tie the score in the last of the eighth. The Big Train, as Johnson was known, again had a shot at a World Series win, one that would give his team the championship. The victory, for Johnson and the Senators, came in the last of the 12th when Earl McNeely doubled home Muddy Ruel.

Another celebration came in 1925, although this time it was for only a league championship. Johnson won two games in the World Series against Pittsburgh. However, in the seventh game, he couldn't hold a four-run lead in the final game and lost to the Pirates.

As Clark Griffith worked his family members into the Senators organization, some worked their way into the family. Shortstop Joe Cronin came to Washington in 1928 and began courting Mildred Robertson, who was Griffith's secretary and his niece. Cronin became player-manager in 1933 as the Senators won 99 games to win the pennant although they lost to the Giants in the World Series. Cronin and Robertson got married near the end of the 1934 season. While they were on their honeymoon, Cronin got the word that he had been traded to the Boston Red Sox. The deal included $250,000 from the Red Sox, an indication of how Griffith was always in need of money, to the point that he would unload a family member.

Bucky Harris returned as manager, continuing a pattern under Clark Griffith of Washington managers who had played for the team. In the 1940s, Ossie Bluege took the helm for five years. Bluege was an organization lifer, having played for the Senators for 18 years before becoming a coach and then manager. Bluege became farm director – he is credited with discovering Harmon Killebrew – and then the team's comptroller, a role he kept in the 1960s after Washington moved to Minnesota.

During World War II, the Senators were among teams who cut expenses with Griffith relying on an inexpensive and untapped pool of talent in Latin America. While the Senators scaled back on scouts, one man, Joe Cambria, stood out as Griffith's Caribbean connection, particularly in Cuba and especially after skin color no longer disqualified a player from organized baseball.

Clark Griffith died in 1955, and nephew Calvin took over as president. The Senators were as dismal as ever, and the usual low finish in the standings was commensurate with the small number of fans who attended games at Griffith Stadium.

The Senators had played on the same site since 1904, in a park that had been used by a Washington team in the National League in the 1890s. In March of 1911, the park's wooden stands burned. The grandstand was quickly rebuilt with steel and concrete and expanded over the years. It took the name Griffith Stadium in the 1920s and was notable for a quirky right-angle detour of the fence in center field to avoid several houses behind it as well as for its long distances to left field. Two players – Mickey Mantle and Josh Gibson – hit blasts long enough to clear the grandstand beyond the left-field fence, but it was a graveyard for right-handed hitters. For years, the distance down the line was more than 400 feet. The distance was reduced in the 1950s, eventually to 350 feet, making it more inviting for up-and-coming sluggers such as Bob Allison and Harmon Killebrew.

Even with an improving farm system and the arrival of young talent, Washington continued to lose more than 90 games a season. As season attendance stayed consistently below 500,000, and as other major-league teams were relocating, Calvin Griffith explored a new home for the Senators and finally, after the 1960 season, got permission to move to Minnesota.

The players the Senators developed and acquired – besides Allison and Killebrew, there were Camilo Pascual, Jim Kaat, and Earl Battey – became the All-Stars of the 1960s. Unfortunately for Washington, and fortunately for Minnesota, they did so as Twins rather than as Senators.

DID YOU *Know?*

...that in 1976, Twins pitcher Bill Campbell went 17-5 with a 3.00 ERA and 20 saves in 78 relief appearances. He became the second player in major league history to win and save at least 15 games in a season since saves became an official statistic in 1969 (Dodger's Mike Marshall won 15 and saved 21 in 1974). Campbell's 17 victories tied the American League record for wins in relief. In 1977, Twins reliever Tom Johnson became the third player in major league history to win and save at least 15 games. He finished the season 16-7 with a 3.12 ERA and 15 saves in 71 relief appearances.

DID YOU *Know?*

...that only once in their 59 seasons have the Twins won three games in a row by the same score. They beat Boston on September 3, 1987, 2-1, and followed with 2-1 victories over Milwaukee the next two days, all three of which took place in the Metrodome. The Twins have twice lost three games in a row by the same score. They were 2-1 games, July 21-23, 1967, at California, and 4-3 decisions, May 2-4, 1988, the first two coming at Milwaukee and the third at Baltimore.

DID YOU *Know?*

...that on 22 occasions, Twins catchers and pitchers have combined to nab three would-be base stealers in a game, but only once, on May 29, 1982, have they ever nailed four runners in one game. Ken Griffey, Graig Nettles, Bobby Murcer and Willie Randolph were caught by Twins catcher Sal Butera that day; Nettles and Murcer as part of a Twins triple play.

HOW TO FIGURE...

BATTING AVERAGE: Divide the number of safe hits by the total number of at-bats (at-bats do not include walks, sacrifices, hit by pitch, or times awarded first on obstruction or interference).

SLUGGING PERCENTAGE: Divide the total bases of all safe hits by the total number of at-bats.

ON-BASE PERCENTAGE: Add the total number of hits, walks and hit by pitch and divide by the total of at-bats, walks, hit-by-pitches and sacrifice flies.

EARNED RUN AVERAGE: Multiply the total number of earned runs by nine, then divide the result by the number of innings pitched.

FIELDING PERCENTAGE: Divide the total putouts and assists by the total of putouts, assists and errors (total chances).

CONSECUTIVE HITTING STREAKS: A consecutive hitting streak shall not be terminated if the plate appearance results in a base on balls, hit batsman, defensive interference, or a sacrifice bunt. A sacrifice fly shall terminate the streak.

WON-LOST PERCENTAGE: Divide the number of games won by the total number of games played.

2019 TWINS MINOR LEAGUE PLAYER AND PITCHER OF THE YEAR
TREVOR LARNACH AND RANDY DOBNAK

Outfielder Trevor Larnach was named the 2019 Sherry Robertson Award winner as the Twins Minor League Player of the Year and right-handed pitcher Randy Dobnak was named the 2019 Jim Rantz Award winner as the Twins Minor League Pitcher of the Year.

Larnach split the season between Single-A Ft. Myers and Double-A Pensacola, combining to hit .309 (147-for-476) with 30 doubles, one triple, 13 home runs, 66 RBI and an .842 OPS in 127 games. The 6-foot-4, 223-pound outfielder was named Florida State League Most Valuable Player and named to both Florida State League Midseason and Postseason All-Star teams. He was FSL Player of the Week in early June and MiLB.com FSL Player of the Month in May. Prior to the season he was ranked as the fifth-best prospect in the Twins system by both Baseball America and MLB.com.

The Walnut Creek, California native was selected by the Twins in the first round (20th overall) of the 2018 First-Year Player Draft out of Oregon State University. In 169 career games in the Twins minor league system, he has hit .307 (193-for-628) with 43 doubles, two triples, 18 home runs, 92 RBI, 86 runs scored, 78 walks and an .853 OPS.

Dobnak split the 2019 season between Single-A Ft. Myers, Double-A Pensacola, Triple-A Rochester and Minnesota. The 6-foot-1, 230-pound pitcher went 12-4 with a 2.07 ERA (135.0 IP, 31 ER), 28 walks, 109 strikeouts, a 0.98 WHIP and a .212 opponent batting average in 24 games (21 starts) in the minors this season. He was named International League Pitcher of the Week in late July. Dobnak had his contract selected by Minnesota in mid-August and has since posted a record of 2-1 with a 1.59 ERA (28.1 IP, 5 ER), five walks and 23 strikeouts in nine games (5 starts) in the majors.

The South Park, Pennsylvania native was signed by the Twins as an undrafted free agent in July of 2017 and has gone 24-9 with a 2.57 ERA (297.1 IP, 85 ER), 60 walks and 216 strikeouts in 54 games (45 starts) through parts of three seasons in the Twins minor league system.

TARGET FIELD

TARGET FIELD®

The Minnesota Twins moved into their new home, Target Field, prior to the beginning of the 2010 season. The ballpark is a modern architectural expression, a dichotomy of Minnesotans' cosmopolitan lifestyle so rooted in nature and the outdoors. The stone and glass landmark, topped by a metal-clad, sculpted roof canopy, is chiseled into downtown Minneapolis on one of Major League Baseball's smallest sites. The ballpark's urban appeal is enhanced with immediate access to light rail and commuter rail, bridging the site to its urban surroundings and spurring development in the western corner of downtown.

Target Field proved to be one of the premier sporting and entertainment venues in the Upper Midwest, and one of the most unique, spectacular parks in all of Major League Baseball. Here is a list of features that helped to make it unlike any other baseball experience in America.

MATERIALS

Native Minnesota limestone forms the mass of the ballpark's exterior façade. Glass and metal details punctuate the limestone surface, creating a sophisticated composition. In addition, whenever possible, the ballpark and surrounding areas incorporated Minnesota-native flowers, trees and shrubs.

SEATING

Target Field features one of the closest seating bowls to the playing field in all of Major League Baseball. Seats in Target Field feature more leg room and are articulated towards the field of play. The ballpark features more aisles with fewer seats per row.

CONCOURSE

The ballpark features a 360-degree open main concourse giving fans an uninterrupted view of the playing field.

Approximate Capacity	38,544
Seating in Lower Level	18,640
Seating in Upper Level	14,703
Seating in Club Level	5,201
Concourse Width (main)	40 feet
Concourse Width (upper)	26-44 feet
Restrooms	401 (w) 266 (m)

CLIMATE/SHELTER

The Twins are committed to providing a comfortable experience for the fans—even when our weather is less than perfect. Fans are able to take advantage of heated concessions, restrooms, and restaurant and lounge areas found on each ballpark level including the Terrace level. Target Field's roof canopy—one of the largest in baseball—provides added protection, while the revamped Gate 34 Experience will provide shelter for fans entering the ballpark's main gate.

CELEBRATING MINNESOTA'S RICH BASEBALL HERITAGE

Target Field celebrates the heritage and history of the game across the Upper Midwest. The ballpark includes tributes to the great Twins teams and players from the past, other Minnesota baseball icons and baseball players, and teams and ballparks of all levels.

THE "GREENEST" BALLPARK IN AMERICA

In 2010, the U.S. Green Building Council awarded Target Field **LEED (Leadership in Energy & Environmental Design**) Silver Certification for New Construction, making it the second major league ballpark in the United States to achieve that status. Less than two years after earning LEED Silver certification for New Construction, the Minnesota Twins became the first professional sports franchise to also attain LEED Silver certification for Existing Buildings: Operation and Maintenance. In 2017, the Twins became the first to attain LEED Gold for operation and maintenance of their facility, an honor for which the club was recertified in 2019.

Target Field is also the nation's first sports venue to earn three levels of LEED certification through Arc, the state-of-the art digital platform that uses real-time data to help benchmark, measure and improve sustainability performance. Arc is the first of its kind to track progress through a performance score, enabling projects to make more informed decisions when it comes to sustainability.

In recognition of the Minnesota Twins' outstanding contributions to green building and sustainability in the sports industry, the **U.S. Green Building Council** honored the organization with a 2019 Leadership Award. The Twins, heralded as a "model for sustainability in the sporting world," were awarded for using green building and sustainable practices to improve quality of life for those around them.

TWINS SUSTAINABILITY STATEMENT

The Minnesota Twins organization believes our future success-both on and off the field-is built on a business model that embraces operational efficiency, environmental stewardship and social responsibility. We honor the power of sport by leading through example, and we will continue to use sport to inspire, build the best fan experience and cause no unnecessary harm, working with our fans, community, suppliers, partners and employees to have a positive influence in the world.

CAPTURING AND REUSING RAINWATER

Through a custom-designed Rain Water Recycle System provided by Minneapolis-based Pentair, the Minnesota Twins have captured, purified and reused more than 19 million total gallons of rainwater, drastically reducing the use of municipal water at Target Field. The majority of the recycled rainwater was used to wash down the seating bowl attached to the main concourse.

RECYCLING AND CONVERTING WASTE TO ENERGY

Through aggressive recycling and waste-to-energy programs, and the assistance of fans at Target Field, the Twins have kept more than 12,127 tons of waste out of local landfills from 2011 to 2019.

- 3,894 tons of trash have been sent to the Hennepin Energy Recovery Center.
- 4,592 tons of waste have been recycled from Target Field.
- 3,642 tons of organic materials have been composted and diverted from landfills.

DONATING UNUSED FOOD TO LOCAL CHARITIES

The Minnesota Twins and concession partner Delaware North Companies Sportservice donate more than 10 tons of food to local charities each season. Through a partnership with Rock and Wrap It Up! Inc., representatives from Joseph's Storehouse in Brooklyn Park box up all prepared but untouched meals at Target Field, donating the unused food from Target Field to local charities. Throughout the partnership, the Twins have donated:

- 345,950 hot dogs and brats
- 56,880 hamburgers
- 27,052 chicken breasts

To date, these efforts have kept more than 63 TONS of waste out of local landfills.

TARGET FIELD® Statues

Designed by Bill Mack, the Target Field statues depict eight of the greatest influences in Minnesota Twins history. Each person, while standing over seven feet tall, is featured in an iconic pose, from Harmon Killebrew's powerful swing to Kirby Puckett's signature World Series post-home run celebration. Located near the entrances to the ballpark, these Twins statues are on display to greet fans whenever they visit Target Field.

ABOUT THE ARTIST

Bill Mack, who makes his home in Minneapolis, has worked for over 20 years mostly as a commissioned artist. He has created works for the Figure Skating Hall of Fame, the Cowboy Hall of Fame and both the Hockey Hall of Fame in Canada and the U.S. Hockey Hall of Fame.

TARGET FIELD®
Target Field Station

Opened in Spring of 2014, Target Field Station connects people and places, as this multi-modal transportation hub at 5th St. N. and 5th Ave. N. in downtown Minneapolis offers public green spaces, connections to 500 trains daily via the METRO Blue and Green lines, the Northstar Commuter Rail, as well as access to the North Loop community. Target Field Station's more than 104,000 square feet of space includes a public plaza for year-round special events and activities, green space, a 1,000-seat amphitheater, office space, retail shops and a 286-car underground parking garage. The Minnesota Twins, Target and Hennepin County offer programming and special events in the public space.

IT PROVIDES a connection for commuters, baseball fans, downtown visitors and riders connecting to other Metro Transit services — including Blue and Green Line Light Rail service to St. Paul, the airport and Mall of America, the Northstar Commuter Rail Line, as well as bus service from the nearby 5th Street Transit Center. Future transit lines and plans to develop a transportation hub will create additional regional connections for Target Field commuters.

THE PURPOSE of Target Field Station is to provide high-quality transit service, and efficient access to Minneapolis and surrounding communities. This hub encourages greater use of public transportation within the Twin Cities due to a centrally-located facility, and improved multi-modal and pedestrian connections.

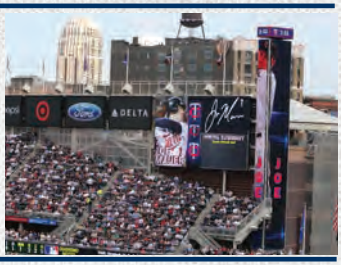
LOCATED on the north side of the park, connecting Target Field Station to the North Loop Neighborhood. The name refers to the trolley line that once ran through the area, which is part of Minneapolis' Warehouse District. It connects the North Loop Neighborhood with its roots.

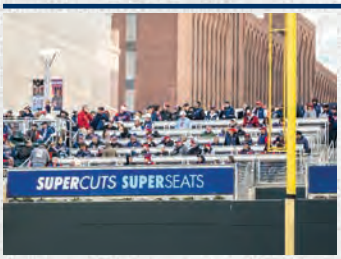
THE BLUE LINE runs from Target Field to the Mall of America. The Central Corridor — Green Line — runs down University Avenue to St. Paul's Union Depot.

TARGET FIELD® Renovations

Since opening in 2010, Target Field has undergone several renovations and additions, all done to enhance the ballpark experience for fans, players, staff, and neighbors. Below are some of the major renovations inside Target Field over its first decade:

RIGHT FIELD VIDEO BOARD AND TWINS TOWER - Both built between the 2010 and 2011 seasons. Located next to each other behind the right field grand stand. The video board is 28' high x '50 wide. The Twins Tower is 100' high x 5' wide x 11' deep.





SUPERCUTS SUPER SEATS - Built between the 2012 and 2013 seasons, the Twins replaced regular seating and unveiled what would be called the "Supercuts Super Seats" seating section. Located in the right field corner, it is designed to be an exciting destination for both group and single-game ticket purchasers; similar to the Budweiser Roof Deck in left field.

GRAY DUCK DECK - Originally built between the 2014 and 2015 seasons, replacing a team store and adding more drink rails. Beginning in 2020, the Twins and Gray Duck Vodka announced a new partnership to bring the Minnesota brand into Target Field with an open-air bar featuring signature drinks, celebrity bartender events and a great view of the game. Located adjacent to the left-field foul pole (inside Gate 6).

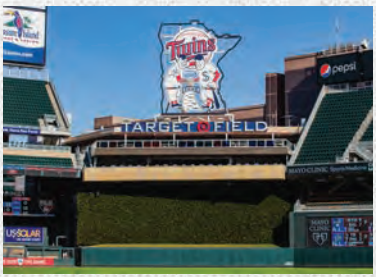
DELTA SKY360° SUITE AND MINNIE & PAUL'S - Built between the 2015 and 2016 seasons, the Twins and Populous transformed the center field seating area into a multi-level fan gathering space. The upper level, called Minnie & Paul's, is a Twins-themed pub open to all fans that includes food from Minnesota's own Pizza Lucé and Red Cow. The lower tier houses the Delta SKY360° Suite, an all-inclusive club with access to approximately 120 season ticket holders.

LED LIGHTING - Installed between the 2016 and 2017 seasons, the field lighting was upgraded to LED technology reducing fixture count from 746 to approximately 512. Reduces energy use by approximately 55% for the field lighting and provides an improved look for not only fans at the ballpark, but also for television viewers. LED fixtures were also installed to illuminate the underside of the canopy, allowing for flexibility to change colors as desired.

BAT & BARREL - Renovated in 2018, the space formerly known as the "Metropolitan Club" was improved to accommodate any fan, making it open to all fans with a game-day ticket. The most expansive renovation to date includes operable glass windows opening the space to the Target Field experience. Additionally, the space features state-of-the-art video elements, Minnesota-based artist murals, and major award history on display.

EXPANDED CONCOURSE AND DRAFTS AT 34 - In 2018, the Twins expanded the main concourse at the intersection of Gates 29 and 34. This renovation expanded the concourse by as much as 40 feet creating enhanced ingress and egress for fans. It also cut down on congestion and provided fans with premium new drink rail standing-room locations. Also included in the concourse renovation was a tap wall known as DRAFTS at 34, which features up to 22 unique beers from across Twins Territory.

GATE 34 EXPERIENCE - Gate 34 and Target Plaza reconstruction took place between the 2018 and 2019 seasons. The design enhances ingress and egress with two additional ballpark entry points, while creating a must-visit fan destination by adding more than 9,300 square feet of new space inside the gate. The multifunctional, versatile Gate 34 Experience includes food, beverage and retail options, highlighted by Twin Cities-based Blue Door Pub, along with dedicated areas for music and other added entertainment. It also includes more than 5,600 square feet of turf, making it an inviting destination for interactive fan activities before, during and after Target Field events.



"LIVING WALL" BATTER'S EYE - Reconstruction took place between the 2018 and 2019 seasons, replacing the previous black backdrop. The Target Field living wall system is the first of its kind for a Major League Baseball batter's eye and, at 2,280 square feet, is among the largest in the continental United States. The living wall incorporates approximately 5,700 sea green juniper plants, individually installed and secured in a tiered, multiple-tray system. Together, the junipers create a consistent, stationary background without variations in color or texture.

Twins in a reserve role included Tony Oliva, who went 1-for-2 with the game's only double; Zoilo Versalles; Jimmie Hall; and Jim "Mudcat" Grant, who allowed two runs in 2.0 innings of relief. The game was ultimately decided by a Ron Santo infield single, scoring Willie Mays in the seventh inning. Juan Marichal started for the NL, pitching 3.0 scoreless innings and earned the game's MVP Award. Sandy Koufax was the winning pitcher, Sam McDowell was the loser, and Bob Gibson was credited with the save as the game lasted two hours and 45 minutes and was played in front of 46,706.

LaMarr Hoyt started for the NL, allowing one unearned run in 3.0 innings pitched, earning the win and the game's MVP Award. Detroit's Jack Morris was the AL starter and suffered the loss. The game lasted two hours and 54 minutes and was played in front of 54,960.

TWINS RETIRED NUMBERS

HARMON KILLEBREW 3

One of the greatest home run hitters of all time, Harmon Killebrew will forever be remembered by Twins fans as the 'Killer' for his prolific clouts. A member of the Twins from their inaugural Minnesota season in 1961, Killebrew hit 573 career home runs, 475 of them in his 14 seasons with the Twins, and ranks 12th on the all-time home run list and third (behind Babe Ruth and Alex Rodriguez) in American League history. He hit more than 40 home runs on eight occasions, and 30 or more 10 times, while driving in 100 or more runs nine times.

Killebrew was the American League's Most Valuable Player in 1969 when he hit 49 home runs with an amazing 140 RBI and 145 walks, all team records that still stand. He was elected to the Baseball Hall of Fame in 1984, becoming the first Twin to receive the honor. He had his number 3 formally retired on May 4, 1975, and was selected to the Twins 25th Anniversary Team in 1986 and 40th Season All-Time Team in 2000. He was inducted into the Twins Hall of Fame on August 12, 2000 and named one of the "50 Greatest Twins" in 2010.

Killebrew passed away on May 17, 2011.

ROD CAREW 29

No Twins fan will ever forget the graceful power of Rod Carew's hitting stroke. Nor will any baseball enthusiast ever forget the summer of 1977, when Carew made his determined run at the untouchable .400 mark, because, just as Killebrew embodied the power of the game, Carew represented its finesse.

He was a career .328 hitter over his 19 major league seasons and was the winner of seven American League batting titles, all during his 12 years with Minnesota. Carew hit .300 or better 15 consecutive seasons and finished his career with 3,053 hits, which places him 27th among the all-time hit leaders and makes him one of only 32 players to collect 3,000 or more career hits.

Carew, who won the American League Most Valuable Player award in 1977, was elected to the Baseball Hall of Fame on the first ballot in 1991. He had his number 29 retired July 19, 1987, and was selected to the Twins 25th Anniversary Team in 1986 and the 40th Season Anniversary All-Time Team in 2000. He was inducted into the Twins Hall of Fame on August 12, 2000 and was named one of the "50 Greatest Twins" in 2010.

TONY OLIVA 6

Pedro 'Tony' Oliva Jr., or 'Tony-O' to those who followed his 24-year career as a Twins player and coach, was a man who seemed to excel in all aspects of the game. He could hit for power and average, run, field and throw, and his versatility made him one of the most feared hitters of his day.

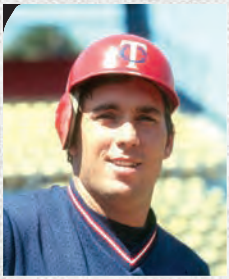
Tony-O collected 1,917 hits and retired with a .304 career average. He is the only player to win batting titles in his first two seasons and was the winner of three in his 15-year career. His prowess as a hitter was demonstrated by the fact that he led the league in hits five times and his 220 career home runs rank fourth all-time among Twins. If not for the knee problems that cut his career short, Oliva would have been a certain choice for the National Baseball Hall of Fame.

Oliva, the 1964 American League Rookie of the Year, began his coaching career in 1976. He now works as a Twins hitting instructor at the major league and minor league level and scouts for the club. He had his number 6 retired July 14, 1991, and was selected to the Twins 25th Anniversary Team in 1986 and the 40th Season Anniversary All-Time Team in 2000. He was inducted into the Twins Hall of Fame on August 12, 2000 and was named one of the "50 Greatest Twins" in 2010.

DID YOU *Know?*

...that Rod Carew (Twins and Angels - 29) is one of 11 players/managers in baseball with his number retired by multiple franchises, the others being Hank Aaron (Braves - 44, Brewers - 44), Sparky Anderson (Reds - 10, Tigers - 11), Wade Boggs (Rays - 12, Red Sox - 26), Rollie Fingers (A's - 34, Brewers - 34), Carlton Fisk (Red Sox - 27, White Sox - 72), Reggie Jackson (A's - 9, Yankees - 44), Greg Maddux (Braves - 31, Cubs - 31), Frank Robinson (Reds - 20, Orioles - 20, Indians - 20), Nolan Ryan (Angels - 30, Astros - 34, Rangers - 34) and Casey Stengel (Yankees - 37, Mets - 37)

TWINS RETIRED NUMBERS



KENT HRBEK 14

Kent Hrbek grew up in the shadows of Metropolitan Stadium in Bloomington and was destined to become a Minnesota Twin. The big kid had more fun than most and treated Twins fans to much excitement from the day he donned a Twins uniform, homering in his major league debut in the 12th inning at Yankee Stadium to give the Twins a win on August 24, 1981. He finished his career with 293 home runs and 1,086 RBI, both good for second most in club history.

Hrbek, who was runner-up to Cal Ripken Jr. for American League Rookie of the Year in 1982, made his only All-Star appearance that season. He was most appreciated by his teammates and Twins fans for his upper-deck power, agility and for being one of the best ever to play first base. He is among club leaders in nearly every offensive category, but may be best remembered for his Game 6 grand slam in the 1987 World Series, or for his tag of Atlanta's Ron Gant in Game 2 of the 1991 World Series. He had his number 14 formally retired August 13, 1995 and was selected to the Twins 40th Season Anniversary All-Time Team in 2000. He was inducted into the Twins Hall of Fame on August 12, 2000, was selected to the All-Metrodome team in 2009 and was named one of the "50 Greatest Twins" in 2010.

KIRBY PUCKETT 34

Considered by most to be the greatest Twin, 'Puck' was baseball's jewel for 12 incredible seasons. He was a hero from day one, when he became the ninth player in history to collect four hits in his first game on May 8, 1984 at California. The dramatic entrance proved to be just the first of many heroic performances leading up to his shining moment on October 26, 1991, during Game 6 of the World Series against Atlanta. He went 3-for-4, robbed Ron Gant of an extra-base hit, and became the ninth player to end a World Series game with a home run on the final pitch with a drive off Charlie Leibrandt in the 11th inning to force a seventh game.

The 10-time All-Star, six-time Gold Glove Award winner and five-time Silver Slugger Award winner had his career cut short when he awoke with blurred vision caused by glaucoma on March 28, 1996. He was later forced to announce his retirement due to irreversible damage to the retina in his right eye on July 12. He retired as the Twins' all-time leader in hits (2,304), doubles (414), total bases (3,453), at-bats (7,244) and runs (1,071).

Puckett was one of the game's greatest community leaders and was given Major League Baseball's Roberto Clemente Man of the Year Award in 1996. He was elected to the Baseball Hall of Fame on the first ballot in 2001 and became the third-youngest living electee in baseball history (behind Sandy Koufax and Lou Gehrig). He had his number 34 formally retired May 25, 1997 and was selected to the Twins 40th Season Anniversary All-Time Team in 2000. He was inducted into the Twins Hall of Fame on August 12, 2000, was selected to the All-Metrodome Team in 2009 and named one of the "50 Greatest Twins" in 2010. Puckett passed away on March 6, 2006.

BERT BLYLEVEN 28

After breaking into the big leagues at the age of 19, Blyleven would go on to pitch 11 of his 22 major league seasons with the Twins (1970-76 and 1985-88). His knee-buckling curveball, competitive drive and his knack for being the clubhouse prankster are only a few reasons why Blyleven had a successful career.

During that time, the 2009 American League Most Valuable Player was named to six AL All-Star teams, earned five Louisville Slugger Silver Slugger Awards, three Rawlings Gold Glove Awards and became the only American League catcher to ever win a batting title, doing so three different times in 2006, 2008 and 2009.

HUBERT H. HUMPHREY METRODOME

- Opened April 3, 1982, the Hubert H. Humphrey Metrodome was home to the Twins for 28 years. It was the third domed facility in baseball and remained the only air-supported structure of its kind until its demolition in January of 2014.
- The Metrodome is the only stadium in the world to play host to the World Series (1987 and 1991), Major League Baseball's All-Star Game (1985), the Super Bowl (XXVI, 1992) and the NCAA Final Four Basketball Tournament (1992 and 2001).
- Construction began on December 20, 1979 and was built by the state of Minnesota at a cost of approximately $68 million.
- Field dimensions were 343' down the leftfield line, 385' to the leftfield power alley, 408' to dead centerfield, 367' to the rightfield power alley and 327' down the line in right. The fence from leftfield to centerfield was 7' high (plexiglass was above the left field wall from 1985-94, which made the wall 13' high) and the "baggie" in right field was 23' high, including 16' of plastic tarp installed in 1983.

- **October 2, 2004:** The Twins and Indians were forced to suspend their game after the 11th inning due to a curfew rule in effect for an upcoming University of Minnesota football game.
- **October 2, 2005:** Upon the conclusion of his 50th year of broadcasting baseball, the Twins re-named the baseball pressbox "The Herb Carneal Press Box" in honor of their long-time radio broadcaster. Carneal died on April 1, 2007.

In 2000, the Minnesota Twins celebrated 40 years of baseball in Minnesota. As part of that celebration, the Twins announced the Twins All-Time Team as part of the ballclub's 40th Season Celebration.

Voting for the Twins All-Time Team was split into three phases to include the fans, Upper Midwest media and former Twins players and coaches. Each group's vote counted one-third toward the final balloting results with the top vote recipients at each position automatically being named to the team. The All-Time Team selection committee reserved the right to name additional players to the final roster based upon overall vote totals.

The All-Time Team took part in an on-field pre-game ceremony on August 12, 2000 and a poster depicting the All-Time Team was given to the first 10,000 fans in attendance, courtesy of the *Star Tribune*.

A total of 93 Twins players and managers were featured on the All-Time Team ballot, which included categories for manager, catcher, first base, second base, third base, shortstop, outfield, right-handed starting pitcher, left-handed starting pitcher, relief pitcher, designated hitter, pinch hitter and utility player.

The Minnesota Twins 40th Season All-Time Team is comprised of 22 members, including 10 members of the club's 25th Anniversary Team: catcher Earl Battey, first baseman Harmon Killebrew, second baseman Rod Carew, shortstop Zoilo Versalles, leftfielder Bob Allison, centerfielder Cesar Tovar, rightfielder Tony Oliva, right-handed pitcher Camilo Pascual, left-handed pitcher Jim Kaat and relief pitcher Al Worthington. TREASURE ISLAND BASEBALL NETWORK

2020 marks the 14th season that the Minnesota Twins control their radio broadcast rights. More than 90 stations in the five-state area carry Twins games and comprise the Treasure Island Baseball Network. In the Minneapolis-St. Paul market, the Twins can be heard on 830 WCCO. The move back to 'CCO and Entercom in 2018 marked the return to their original broadcast partner, the Twins home for their first 46 years. The Twins were broadcasted on Go 96.3 for five seasons from 2013-17 and ESPN 1500 for six seasons from 2007-12.

The Twins employ an in-house production team that produces the game broadcasts including pre-game and post-game shows that air on network affiliates. In addition, the network team produces the "Hot Stove Show" that airs Wednesday nights throughout the off-season hosted by pre- and post-game host Kris Atteberry. During the season, fans across Twins Territory can listen to "Inside Twins" which airs prior to Sunday pre-game shows featuring Twins President of Baseball Operations Derek Falvey, General Manager Thad Levine, Twins Manager Rocco Baldelli and other front office staff. This show runs all season and gives fans access into the inner workings of Twins baseball as well as a glimpse through the eyes of the Manager.

In 2007 the Twins, in partnership with the Minnesota News Network, assumed control and development of the Twins Radio Network with Treasure Island Resort & Casino, becoming the first-ever naming rights partner for the network in 2010. Historically, the Treasure Island Baseball Network has been one of the largest in all of Major League Baseball with hometown radio partners bringing Twins baseball to fans across five states.

The Twins also broadcast 50 games in Spanish. Alfonso Fernandez begins his 15th season as play-by-play voice, with Tony Oliva as the analyst. Games in Spanish can be heard via a stream on twinsbeisbol.com and on the SAP channel during FOX Sports North broadcasts.

John Gordon Award — Twins Radio Affiliate of the Year

Named after legendary Twins broadcaster, John Gordon, this honor is awarded annually to the Twins radio affiliate that demonstrates the best of Twins Territory in its commitment to the Minnesota Twins and its community.

SPANISH LANGUAGE RADIO BROADCAST

The Twins will broadcast 50 Spanish language games through a stream on the homepage of Twinsbeisbol.com. In addition to the stream, these broadcasts will be transmitted via SAP (secondary audio program) on the Twins television partner Fox Sports North. The Twins, who were the first professional sports team in the Twin Cities market to broadcast games in Spanish, return Twins Hall of Famer and color analyst Tony Oliva, and play-by-play announcer Alfonso Fernandez, to the broadcast booth for their 14th season together. All 50 games will include a 15 minute pre- and post-game show.

ALFONSO FERNANDEZ

SPANISH RADIO, PLAY-BY-PLAY

Fernandez begins his 15th season in 2020 with the Minnesota Twins serving as the Spanish play-by-play announcer.

Fernandez also served as the Spanish broadcast voice for the Minnesota Timberwolves from 2005-15.

Fernandez has called the action in Spanish for five other professional sports teams including the Minnesota Vikings (2005-09), the Los Angeles Clippers (1993-95), the Los Angeles Lakers (1988-90) and the Los Angeles Rams (1987-91).

He was the first to broadcast basketball in Spanish in the Los Angeles area and has spent 33 years behind the microphone.

Fernandez and his wife, Rosalia, daughter, Angela, and son, Jared, make their home in Apple Valley, MN.

TONY OLIVA

SPANISH RADIO, ANALYST

Pedro 'Tony' Oliva Jr., or 'Tony-O' to those who followed his 24-year career as a Twins player and coach, was a man who seemed to excel in all aspects of the game. He could hit for power and average, run, field and throw, and his versatility made him one of the most feared hitters of his day.

Tony-O collected 1,917 hits and retired with a .304 career average. He is the only player to win batting titles in his first two seasons and was the winner of three in his 15-year career. His prowess as a hitter was demonstrated in the fact that he led the league in hits five times, and his 220 career home runs rank fourth all-time among Twins. If not for knee problems which cut his career short, Oliva would have been a certain choice for the National Baseball Hall of Fame.

Oliva, the 1964 American League Rookie of the Year, began his coaching career in 1976. He also works as a hitting instructor in the Twins minor league system and scouts for the club. He had his number 6 retired July 14, 1991 and was selected to the Twins 25th Anniversary Team in 1986 and the 40th Season Anniversary All-Time Team in 2000. He was inducted into the Twins Hall of Fame on August 12, 2000, and was named one of the "50 Greatest Twins" in 2010. In 2013, he became the eighth ever recipient of the Herb Carneal Lifetime Achievement Award.

MINNESOTA TWINS MEDIA POLICIES

CREDENTIALS

Credentials for accredited news media are available through **https://credentials.mlb.com**. All requests must be made at least 24 hours prior to game time. Daily credentials must be picked up at Will Call Windows 1 or 2 near the Gate 29 press gate entrance off 7th Street near the box office on Target Plaza. The press gate will be staffed five hours prior to night games and three hours prior to day games. Daily and season credentials will be issued only to working members of the media and must be displayed at all times while in Target Field. A photo ID and signature are required to pick up credentials. The pressbox is located on the Club Level (2), while both clubhouses, interview room, press dining and field access are located on the Service Level (-2).

TWINSPRESSBOX.COM

All baseball information, including: media guide, game notes, daily clips, stat packs, minor league report, press releases, headshots and logos will be available at **twinspressbox.com**. This site also provides media with audio and video clips, along with information for the 29 other MLB clubs.

INTERVIEWS

Most interviews may be conducted on the field during batting practice where the manager, players and coaches are usually available, as long as the interview does not interrupt their pre-game routine. Members of the media must stay in foul territory between first and third base. In-depth interviews that require more time with a player should be pre-arranged through the Twins Communications department. Reporters and broadcasters must leave the field, with photographers reporting to their assigned photo positions, no later than one-half hour before game time.

CLUBHOUSE ACCESS

The Twins clubhouse will be open to media with clubhouse credentials until one hour prior to each game and no longer than 10 minutes following each game. All live television broadcast shots must be conducted outside the clubhouse. Television photographers are allowed in the clubhouse prior to batting practice and after games, but not between batting practice and game time. Still photographers are not allowed in the clubhouse at any time. On occasion of a team meeting, the clubhouse will be closed until the conclusion of the meeting. The training room, dining room and weight room are off-limits to everyone except the manager, coaches, players and Twins officials. The dugout is off limits during the game for everyone except the manager, coaches, players, trainers and certain club officials, in accordance with American League rules.

FIELD ACCESS

Members of the media must access the field through the Umpire/Star Dressing Room Tunnel. The tunnel is located between the Twins Communications office and the visiting clubhouse on the Service Level (-2).

HERB CARNEAL PRESSBOX

Space is available for accredited members of the media on assignment only. Guests are not allowed unless prior approval has been granted by the Twins Communications department. Wireless internet is available. To reach the Twins Communications office and visiting clubhouse, take the stairs or elevator down to the Service Level (-2) and turn left. To reach the media dining/interview room (Twins Room) and home clubhouse, turn right.

TWINS ROOM

The Twins Room, located on the Service Level (-2), is available for pre-game meals to media with appropriate credentials, for an $11 charge, approximately two hours prior to, and up until, game time.

PHOTOGRAPHERS

Due to a lack of on-field photo spots, the first and third base photo pits are limited to local papers, wire services, Twins photographers and whomever is assigned for that particular game. Certain exceptions may be made depending on space availability. An alternative for photographers are the designated photo positions around the concourse. Photographers assigned to the on-field locations should remain in the photo pits at all times during the game. If necessary, photographers should leave between innings only. Photos are allowed during batting practice, but photographers must remain on the dirt in foul territory, between first and third base. No photographs are to be taken from the baseball pressbox.

PHOTO EDITING ROOM

Photographers can edit images before, during or after the game in the photo editing room located by the field entrance on the Service Level (-2).

AUTOGRAPHS

Credentialed media do NOT ask for autographs. Any media members asking for autographs will have their credentials revoked.

PARKING

There is no on-site parking available at Target Field, but municipal ramps and parking lots are available near the stadium. Because of proximity to the press box, ramp "A" is recommended for media to park in on a game-by-game basis.

CENTURYLINK SPORTS COMPLEX

The Twins will spend their 30th spring training season in Lee County at the recently renovated CenturyLink Sports Complex in 2020. Spurred by their first year in the state-of-the-art facility, the Twins won the 1991 World Series after enjoying their most successful Spring Training camp in history as they posted a record-high 21 wins. In the 29 years, the Twins have drawn at total of 3,083,311 fans over 463 dates, (total does not include 17 replacement games in 1995 - 49,240 fans).

Located south of the city of Ft. Myers near Interstate 75, the CenturyLink Sports Complex is the spring training home to the Twins and their six minor league affiliates. The centerpiece of the facility is an 8,730-seat stadium in which the major league Twins play their exhibition games and conduct some of their daily workouts. The complex also features five full practice fields and two half-fields.

On August 3, 2004, the Twins signed an extension with Lee County for use of the complex through 2020, and on November 6, 2012 the Lee County Board of County Commissioners approved a $42.5 million renovation and a new 30-year lease. Combined with the Twins contribution, the total for the renovations increased to $48.5 million. The renovations prior to the 2015 season increased the seating capacity to 8,730 and include a new party deck, expanded gift shop and an outfield boardwalk around the playing field to create a 360-degree walk-around the stadium, similar to Target Field. The plan also renovated previously existing concession stands, restrooms, suites and press box areas. The project was designed by Populous out of Kansas City, MO, with designed assistance by Parker Mudgett Smith, based out of Ft. Myers, FL, and was constructed by Manhattan Construction.

A signature feature of the renovated facilities is the Twins Player Development Academy which includes a 58-room residence hall for players and staff, dining facilities, recreational spaces, meeting rooms, educational classrooms and Champions Hall, a 220-seat tiered theater used by players and staff for meetings, conferences and presentations throughout the year. The Academy contains state of the art technology, Wi-Fi throughout and high-tech video systems for player instruction for both major league and minor league players.

In addition to the Player Development Academy, the entire minor league building was renovated including expanded clubhouse with new lockers for players and staff, new 1,800 square foot training room, high tech video facilities, expanded office space and a new game field for the minor league teams.

The major league facility, team and player upgrades include new athletic training and strength and conditioning rooms, new lockers for players and staff, dedicated dining room space, state-of-the-art video facilities and complete renovation of all office and meeting rooms. The overall project earned the Twins the Ballpark Digest's Best Major Renovations of 2015.

CenturyLink®
Sports Complex

Continuing the renovations at Hammond Stadium prior to the 2016 season, Lee County and the Twins added a shade structure along the LF line of the Boardwalk and a permanent serving area on the 4th floor Sky Deck.

Installed prior to 2017, the old scoreboard was replaced with a new full-feature LED video board. The screen measures 18' x 35' and was installed by Daktronics of Brookings, SD. Additionally, the GCL Twins home playing field has been named "Bill Smith Field" in honor of the former Twins General Manager.

The CLSC is home to two Twins minor league affiliates, housing both the Ft. Myers Miracle of the Single-A Florida State League and the Rookie Level Gulf Coast League Twins.

The main stadium was renamed Bill Hammond Stadium late in the 1994 spring season in honor of the longtime Deputy County Manager who was instrumental in getting the complex approved and bringing the Twins to Lee County.

Major league home and visiting clubhouses are included in the stadium proper, and complete facilities for the minor league teams are contained in a building adjacent to their playing fields. Prior to the start of the 2005 spring training, a 6,000 square foot state-of-the-art fitness training room and conference center was built next to the minor league facility.

The major league club's administrative offices are located in the stadium, with the minor league administrative offices in the building adjacent to its fields.

The facility also features a four-field softball complex and other athletic facilities for use by Lee County organizations and visiting amateur baseball and softball teams, plus an 11-acre water-management lake.

The Twins trained in Orlando, FL, from 1936 through 1990 (with the exception of the war years of 1943, 44 and 45, when they conditioned in College Park, MD) and their minor league clubs moved to Terry Park in Ft. Myers in 1990, after headquartering in Melbourne, FL, from 1964-89. The entire organization was united for the first time in Lee County in 1991.

The Sports Complex, an $18.2 million undertaking, was completed in February, 1991. Lescher and Mahoney, an architectural and engineering firm based in Tampa, FL, was the lead architect for the project, with design assistance from Ellerbe Becket of Kansas City, Missouri. Case Contracting Company of Plant City, FL, was the contractor.

TWINS SPRING TRAINING MEDIA POLICIES

SPRING CREDENTIALS

Credentials for accredited news media for Spring Training games are available through an application at https://credentials.mlb.com. These will be issued only to daily newspaper reporters who will be covering the club, home and road and to area radio and TV sports reporters and camera crews who will be covering on a regular basis. All other media entities will be credentialed on a per-game basis (including parking) through an application at https://credentials.mlb.com.

No fax or email requests will be accepted unless approved by the Twins Communications department. Transfer of working press credential will result in the termination of coverage privileges for the individuals involved. A photo ID and signature are required for credential pick-up at the VIP Window.

FIELD ACCESS

Allowed during batting practice and other workouts during the early training period, but once the game schedule begins the field must be cleared at the end of visitors' batting practice. All reporters must confine themselves to foul territory between 1st and 3rd base. Workouts begin daily at approximately 9:00 a.m.

DINING ROOM ACCESS

Available only to those media credentialed to cover that day's game, for a $6 charge. This room will open at 11:30 a.m. for day games (4:30 p.m. for night games) and will close at gametime. Working photographers will be permitted in the press dining room on the same basis as other reporters.

PRESSBOX ACCESS

Permitted only to members of the Baseball Writers' Association of America (BBWAA) and to coverage reporters of area daily newspapers and radio and TV stations. Weekly newspapers can be accommodated only on a space-available basis. Wireless internet is available.

CLUBHOUSE ACCESS

Limited to members of the Baseball Writers' Association of America (BBWAA) and to coverage reporters of area daily newspapers and radio and TV stations. The clubhouse will be open prior to and following workouts during the pre-schedule workout period with certain exceptions. During the game schedule, the clubhouses will be closed at the end of batting practice until five minutes after games. Clubhouse access is limited to the player-locker area and the manager's office. The training room, exercise room and equipment rooms are off-limits to all media. No still cameras are allowed in the clubhouse.

INTERVIEWS

Players will accommodate when possible where on-field interviews are concerned. Any in-studio appearances or appearances on the player's own time must be set up through the Twins Communications department.

RADIO & TV

Television cameras will be allowed in the clubhouse prior to games and workouts, as well as after games and workouts. Feature material should be filmed on the field during batting practice. Post-game interviews may be conducted on the field or in the clubhouse for both TV and radio.

CAMERA POSITIONS

Several camera positions are available for shooting during the game, but no cameras will be allowed on the field itself. The center field position will be for game television cameras only, as will the low home position, unless cleared through the Twins Communications department. High and low, first and third base will be credentialed on a space-available basis. Any photographers shooting from the field photo pits will only be allowed to leave or change positions between innings.

PHOTOGRAPHERS

No still photographers will be allowed on the field during the game or in the clubhouse at any time. There are at least four positions from which photographers may shoot during games. On the first day of full squad workouts, photographers will be allowed the freedom of the field during the exercise period, but must stay in foul territory during the actual workout times. On all other days, all media personnel must stay in foul territory and no farther down the lines than first and third base. No photographs are to be taken from the pressbox.

MEDIA DAY

Will be on Wednesday, February 22, beginning at 7:30 a.m., sharp. All photographers and media seeking head shots and digital content are asked to cooperate by doing this on Media Day, when the players will be made available in an assembly line fashion to accommodate all accredited news services.

AUTOGRAPHS

Professional journalists do NOT ask for autographs. Any media members asking for autographs will have their credentials revoked.

TICKETS

May be purchased by coverage personnel out of a block held for this purpose. These tickets are for personal use only and advance notice is recommended to increase chance of availability.
